EDUCATION

Jagiellonian University <i>B.Sc. in Theoretical Computer Science (TCS)</i> - Relevant coursework: Data Engineering (SQL, relational databases), Discrete Mathematics. - Focus: theoretical CS foundations, databases, structured problem-solving and practical data modeling. 47 LO im. Stanisława Wyspiańskiego <i>High School Diploma</i> - Mathematics, Physics and Computer Science profile.	Krakow, Poland Oct 2025 - Present Warsaw, Poland Sep 2020 - May 2025
--	---

HONORS & AWARDS

Olimpiada Lingwistyki Matematycznej (OLM) <i>Finalist / Mathematical Linguistics Olympiad</i> Recognized for pattern recognition, language logic, formal constraints and analytical problem decomposition.	Poland Apr 2025
--	--------------------

EXPERIENCE

Private Medical Clinic <i>IT Support / Systems Assistant</i> - Supported daily clinic IT operations across Windows workstations, local systems and basic server maintenance. - Diagnosed hardware, software, printer, scanner, router/Wi-Fi and basic IP/configuration issues. - Helped non-technical staff by explaining fixes clearly and keeping daily work running. - Used LLM tools for technical research, troubleshooting notes and clearer documentation. Holiday Resort <i>Operations & Facility Support (Seasonal)</i> - Supported bookings, guest communication, check-ins, documentation, billing/invoices and day-to-day issue solving. - Worked independently under time pressure in a customer-facing seasonal environment.	Otwock, Poland 2021 - 2024 Polish seaside Summers 2020 - 2022
--	--

PROJECTS

KryptoCX / CEX (Cryptocurrency Exchange Database Project) <i>University Data Engineering project</i> - Designed a 24-table relational schema for a simulated cryptocurrency exchange. - Modeled users, wallets, assets, trading pairs, orders, trades and transaction history. - Implemented PK/FK relations, CHECK constraints, views, functions, triggers and indexes to enforce data integrity.	PostgreSQL, SQL github.com/kotlowski-m/CEX
--	---

LEADERSHIP & ACTIVITIES

Student Council of Jagiellonian University <i>Sports Commission Member</i> - Supported student event logistics, sports/festival operations and practical on-site coordination. Youth District Council of Praga-Południe <i>Chair of the Sports Committee / Council Member</i> - Led sports-related youth council work and participated in local administrative initiatives, team decision-making and public-facing council activities. Jagiellonian University Basketball Section / Strength Training <i>Team member since Oct 2025; achieved 100 kg bench press</i>	Krakow, Poland Nov 2025 - Present Warsaw, Poland Jan 2023 - Jan 2025
--	---

TECHNICAL SKILLS

IT Support & Systems: Windows, Microsoft 365 apps (Word, Excel, Outlook, Teams), workstation troubleshooting, printers/scanners, router/Wi-Fi diagnostics, IP checks, user support.
Databases & Data: PostgreSQL, SQL, ERD, relational schema design, primary/foreign keys, CHECK constraints, views, functions, triggers, indexes.
AI & LLM Workflow: ChatGPT, Codex, Claude Code, prompt structuring, PRD preparation, context management, file-grounded troubleshooting, documentation.
Tools & Environments: Git, GitHub, Linux/Bash, command line, Vercel deployments, Supabase, basic deployment workflows, local development environments.
Languages: Polish (native), English (C1 - fluent professional proficiency).
